SKILLS

Programming Languages

- Python (Advanced)
- Java (Intermediate)
- C (Intermediate)
- JavaScript (Intermediate)
- HTML5
- CSS3

Tools & Technologies

- Git
- GitHub
- REST APIs
- Socket Programming
- Threading
- Data Analysis
- Machine Learning

Soft Skills

- Leadership
- Communication
- Problem-solving
- Team Collaboration
- Teaching
- Project Management

Frameworks & Libraries

- Flask
- Tkinter
- Pandas
- NumPy
- Matplotlib
- Seaborn
- Scikit-learn
- BeautifulSoup
- Pillow

Development Practices

- Object-Oriented Programming
- Database Design
- API Development
- Web Scraping
- Image Processing

PROJECTS

Shayaan Khan Portfolio Website, - *Personal Portfolio Website*

01/2025 – 01/2025

- Technologies: Web Development, HTML, CSS, JavaScript, UI/UX Design
- Created a professional portfolio website to showcase personal projects, skills, certifications, and educational background.
- Features an About Me section, Skills, Projects, Certifications, Education, and Contact information.
- Live View: <https://shayaankhan01.netlify.app/> 

Guppyzone, - *Premium Guppy Fish Store*

08/2025 – 08/2025

- **Technologies Used:** Python(FLASK), HTML, SQLite, CSS, JavaScript
- Wide range of guppies, plants, and fish food for sale
- Detailed product descriptions with pricing
- Add-to-cart and order placement system
- Flipkart-style browsing with categories and search
- Informative guppy care guides and resources
- Live View: <https://guppyzone.pythonanywhere.com/> 

DEV-Cafe, - *DEV-Cafe is a modern café-themed web application*

08/2025 – 08/2025

- **Technologies Used:** Python(FLASK), HTML, SQLite, CSS, JavaScript
- Interactive menu with food and beverage categories
- Smooth order placement system with cart functionality
- Responsive design for mobile and desktop use
- User-friendly navigation and attractive UI
- Real café-style branding and experience
- Live View: <https://shayaankhan.pythonanywhere.com/> 

KBC-Style Interactive Quiz Game

01/2025 – 01/2025

- Technologies: Python, Tkinter, API Integration, GUI
- Developed an engaging quiz application with lifelines and scoring system.
- Integrated external API for dynamic question fetching.
- Features timer functionality, sound effects, and user-friendly interface.
- Demonstrates GUI development and API integration skills.

Student Admission Management System

01/2025 – 01/2025

- Technologies: Python, SQLite, Data Management
- Created a comprehensive student registration and management system.
- Implements data validation, search functionality, and report generation.
- Features export capabilities to Excel and PDF formats.
- Demonstrates database design and data management expertise.

Webshaan, - Professional Website Development Service

06/2025 – 06/2025

- Technologies: Web Development, HTML, CSS, JavaScript, Responsive Design
- Designed and built high-quality, responsive websites for businesses, shops, and individuals.
- Offers services including portfolio websites, e-commerce solutions, hosting, maintenance, and SEO optimization.
- Focuses on creating stunning, fast, beautiful, and secure online presences.
- Live View: <https://webshaan.netlify.app/> 

GuppyHub, - Premium Guppy Fish Store

07/2025 – 07/2025

- Technologies: E-commerce, Web Development, Online Store
- Developed an online store specializing in premium guppy fish varieties.
- Features include showcasing hand-selected guppies with vibrant colors and healthy genetics, detailed product descriptions, and a focus on premium quality and safe delivery.
- Provides expert support to customers.
- Live View: <https://guppyhub.netlify.app/> 

CERTIFICATIONS

Python Programming

Certification | MKCL | 2023

- Gained strong understanding of **Python fundamentals**.
- Object-oriented programming, data structures, and application development.

Java Programming

Certification | MKCL | 2024

- Object-oriented programming, data structures, and application development.
- Enterprise Java concepts and best practices.

Advanced Python Programming

Certification | MKCL | 2025

- Advanced Python programming concepts and applications.
- Web development, data analysis, and automation scripting.
